THE FAIR WEDDING

MISS COLEMAN AND MR. BLEICH IN PUBLIC CEREMONY.

LARGE CROWD PRESENT

Couple to Take Trip West—Many Gifts Presented by Maryville Merchants.

Yes, everyone was at the Nodaway county fair this morning—especially everyone interested in weddings—because no one wanted to miss the public wedding of Miss Lavisa S. Coleman and Otto A. Bleich, so long advertised as a special feature of the fair.

The great event was scheduled for 11 o'clock, and just about that time the crowd began to gravitate toward the grand stand, the bleachers and the platform where the ceremony took place.

Soon a line of automobiles drove up to the platform. In the first was the minister, the Rev. C. Emerson Miller, who performed the ceremony. In the next sat the bride looking "charming and happy," as is the way with all brides. In the other cars were the relatives of the bride.

Miss Coleman wore a dress of French shadow lace over sunburst satin, trimmed with sunburst satin roses. On her head was a veil caught in place on her head by pearl sequins. She carried a shower bouquet of yellow roses.

The couple mounted the platform while the band played Mendelssohn's wedding march. The Rev. Mr. Miller then performed the ceremony, the ring service being used. At the close of the service a hearty cheer went up from the thousands of witnesses.

Automobiles were waiting to convey Mr. and Mrs. Bleich to the home of the bride's parents, Mr. and Mrs. J. S. Highbargar, on East First street. At 8 o'clock this evening a wedding supper will be served at the bride's home. One hundred guests have been invited.

Mrs. Bleich is the daughter of Mr. and Mrs. J. S. Highbarbar. She was born and reared in Nodaway county and until recently worked at the Graham store. Mr. Bleich is the son of Mrs. Louise Bleich, and is engaged in farming near Graham. The couple will take a trip to Kansas City and Denver, Colo., after which they will be at home to their friends on their farm.

Mr. and Mrs. Bleich received numerous gifts, a large number of which were presented by the merchants of Maryville.

Rev. C. H. John of Siloam Springs, Ark., who has been visiting in Skidmore, returned to Maryville last night and will remain here until he goes to the Methodist Episcopal conference at Kirksville, Mo., on September 20.

A SPLENDID EXHIBIT

NEEDLEWORK DISPLAY IN FLORAL HALL REMARKABLE.

A TRIBUTE TO WOMEN

One Man Figures in Fancy Work Representatives—Efforts of Young and Old Are Shown.

If you want to see a needlework display that would do credit to any state fair, take an afternoon off and go down to floral hall at the fair grounds, where hundreds of pieces of fancy work are on exhibition.

There you will find ornamental needlework of every kind, of every color and of every grade of excellence. You will find mountmellick, tatting in every intricate design, cross stitch work in every color, and crocheting of every description.

Then the work: You will have the pleasure of looking at the juvenile work done by children under thirteen years of age; you will see marvelously fine designs, the fruit of the lonely hours of aged women, and wonder of wonders, you will see tatting and crocheting just as good as any in the display, done by a man in Hopkins, who prides himself on the skillful use of the shuttle and the crochet hook.

Central America Represented.

Among the exquisite pieces that hang on the walls of floral hall for our inspection are those belonging to Ora Barmann, brought from Central America upon her return from a visit to that country last winter. These are especially worthy of notice, because they show the degree to which the natives of Central America have brought the fine art of needlework.

Twelve crocheted bed spreads, intricate in pattern and clever in workmanship, are on display. Each one of these counterpanes is worthy of a premium, and the judges will have a hard time in deciding just which one is the winner.

Cushions and Cushions.

Then there are cushions and cushions—crocheted and embroidered—of every hue and design, some the work of childhood hours and some the products of the spare moments of housewives.

The quilt exhibit is of particular interest, especially because quilt piecing is nearly a lost art among those of the present generation. The quilts on display are no doubt the cherished possessions of grandmothers who spent their leisure time matching the pieces of the crazy quilt. One quilt of velvet pieces is indeed a "thing of beauty." Another quilt that shows skill in workmanship is the alphabet quilt, done in

Community Work Shown.

A monument to the efforts of the Rural Improvement club of Harmony is seen in one of the booths where every imaginable kind of fancy work is on display. This work was all done by the members of the club, and is a remarkable example of the things accomplished by the community club.

The work of the old persons on exhibition is interesting in the extreme. One made of hundreds of pieces of cloth is the work of a woman 70 years old. Another example of industry is a large representation of the Lord's prayer done in cross stitch, the work on which whiled away the long winter hours of a woman of 78 years.

Fruit Display Small.

The canned fruit display is not up to that of former years, and this is possibly due to two reasons, as a director of the exhibit put it: Either the women have taken to fancy work and refuse to concentrate on the perfection of their fruit displays or their husbands refuse to stand the sugar bill necessitated by a large amount of canning.

The Mistresses of the art of baking have a fine lot of cakes and loaves of bread on display, and the number of butter samples is going to make the judges wish they hadn't consented to decide which is the best.

The floral display is small, most of the plants coming from greenhouses. Some beautiful specimens of plant life are shown, however.

On the whole the floral hall display is worth while. It is a splendid tribute to the enterprise and skill of Nodaway women, and—beg pardon, Mr. ——— from Hopkins—man.

The time for the first heat was 2:26¼, the second 2:24¼ and the third 2:30.

HIGHWAY IS NEGLECTED

SAINTS TRAIL IS IN NEED OF ATTENTION.

Is Not Properly Dragged and the Marking is Decidedly Poor, Says Rev. Kelley of Pickering.

The following complaint of neglect of the Saints Highway, the motor car route leading north to St. Paul by way of Savannah and Maryville, is made by the Rev. Edward R. Kelley, pastor of the Methodist Episcopal church at Pickering. It was taken from the St. Joseph News-Press and is as follows:

Dear Sir: A few days since, with six of us in a Ford car, it was my pleasure to motor to the "City Worth While." We left in the mud and made the trip all right. When journeying to your city I made the remark: "My! these roads will be fine on our return trip, for after this rain they will surely drag them." I thought so at the time, but upon our return last Saturday I found it otherwise.

It is true part of the Saints Highway was dragged, while a portion of it was not; this portion, as a rule, was what was needed to be dragged more than the other.

Just another word about the Saints Highway: I was very careful to notice the marking of the part of Missouri's public roads and am free to confess that the marking is exceeding poor. At times we would go for a mile or more without seeing the yellow and white upon the poles or posts along the roadside, and I was wondering if the Automobile club of St. Joseph could not take some action relative to the bad conditions and have them remedied.

When one looks at the marking of the Interstate Trail and notices how clear it is, and of the Jefferson Highway and sees how rich and bright its colors shine forth, he is led to ask: "Why, in the name of common sense and good judgment don't the proper ones keep up the Saints Highway as it should be?" Upon some of the poles the yellow and white stripes have been almost eliminated by the weather, but when they are found to be in such a deplorable condition they should be remarked.

I do not know where the blame lies, but, if by publishing the above matters can be remedied, I will feel that some little good has been accomplished.

A DEMAND FOR SMALL COINS

At Present the Denver Mint is Making Only Pennies and Nickels and Breaking All Records.

Special to The Democrat-Forum.

Denver, Colo., Sept. 5.—The most enormous demand for nickels and pennies ever known is now deluging the United States treasury department, and the mint in Denver is breaking all records for activity in manufacturing those coins. The mint is working day and night and Sundays. There is every indication that the rush will continue three months.

At present the Denver mint is making only nickels and pennies. Each day it turns out $10,000 in nickels and $2,000 in pennies. These coins are shipped east at intervals—no one but the officials in charge of the mint know when.

If the present activity is continued three months—as Superintendent Thomas Annear says undoubtedly it will—the Denver mint will have coined $900,000 in nickels and $180,000 in pennies, a total of $1,080,000 of these small coins. This would amount to 36,000,000 individual coins.

The Denver officials say this demand for coins of the smaller values is confined almost wholly to periods of great prosperity in the east.

Were Married in St. Joseph.

The marriage of Miss Myrtle Ruth Gerding of St. Joseph to Mr. Donald L. Fraser, son of Mr. and Mrs. Alex Fraser of this city, took place last evening at 8 o'clock at Patte Park Baptist church in that city. The Rev. Charles Durden pronounced the ceremony. The following account of the wedding is from the St. Joseph News-Press:

A musical program was given, beginning at 7:45 o'clock, with Miss Violet Robinson at the organ. She played "Berceuse," by Gounod, "Spring Song," McFarland; "To a Wild Rose" and "To a Water Lily," by MacDowell. Mr. Ralph Parland sang "It is Not Because Your Heart is Mine," Lohr, and "I Love You Truly," by Carrie Jacobs-Bond. The bride-elect was attended by Miss Grace Aylor as maid of honor and her two cousins, Miss Gertrude Gerding of Collinsville, Ill., and Miss Lucia Gerding, as bridesmaids. The maid of honor was gowned in pink crepe de chine with overdrape of Georgette crepe and tulle trimmings, and carried pink roses. Miss Lucia Gerding was gowned in Nile green crepe de chine with overdrape of taffeta. Miss Gertrude Gerding wore a gown of ping crepe meteor with overskirt of chiffon. The trimmings were pearls and pink rosebuds. Each maid carried a shepherdess staff wound in white satin ribbon and roses. Mr. Walter Fraser of Maryville, brother of the bridegroom, Mr. Harry Hurd, Mr. Paul Randolph Gerding, brother of the bride, and Mr. Ernest Coler of Maryville, ushers, led the wedding procession, which entered the church to the strains of the Lohengrin wedding march. They were followed by the two maids and maid of honor preceding the bride, who was unaccompanied. She wore a gown of Georgette crepe over taffeta with taffeta bands on the skirt. A court train of taffeta fell from the shoulders. Her veil was of tulle and was worn over the face, falling beyond the train, and was held in place by a Grecian wreath of orange blossoms. Her flowers were bride roses. She met the bridegroom with the best man, Mr. Lloyd N. Nichols of Kansas City, at the altar, where the marriage vows were taken. During the ceremony Miss Robinson played "Annie Laurie" and "Mendelssohn's wedding march while the bridal party left the church. The church was decorated with palms and the pews for relatives were marked with clusters of white asters and asparagus ferns. Just before reaching the altar the bridal party walked through a bower of white clematis and ferns. Following the ceremony there was a reception at the Gerding home for relatives and out-of-town guests. Here the decorations were in the bridal colors, pink and green. The table was centered with a tulle tied basket filled with asters. Mr. Fraser and his bride took a trip, and after October 1 will be at home at 3311 Mitchell avenue, in St. Joseph. For traveling the bride wore a blue suit of gaberdine with a tailored hat of purple. The out-of-town guests were Mr. and Mrs. Edward F. Gerding of Philadelphia, Mr. and Mrs. Alex Fraser and daughters, Cecil and Mabel, and Misses Wilda Keef and Anna Marie Price of Maryville, Mo.; Mrs. Victoria Tuggle and Mr. and Mrs. Floyd S. Tuggle, all of Gallatin, Mo.; Mrs. J. E. Long and daughter, Rena, of Shenandoah, Ia.; Mrs. Edward G. Gerding and daughter, Gertrude of Collinsville, Ill.; Miss Laurinda Craig of Bolckow, Mo.

STOCK MARKET LETTER.

Kansas City Stock Yards, Sept. 4.—Unsettled conditions made a slumpy cattle market after Wednesday last week. Salesmen who had no cattle after Wednesday called the market today steady to lower, while those who had cattle here Thursday and Friday called today's market strong to 15c higher, more in some cases. Receipts were 6,500 head, one-fourth a normal September Monday supply, and one-half as many as were expectd, but a liberal supply is looked for later in the week. Stockers and feeders sold 10 to 25c higher.

Beef cattle—Nobody risked any prime cattle for today's market, although as things are now shaped the eleven dollar quotation is effective on the right kind. Grass steers got feeder competition up to $7.50 today, and middle class grassers sold at $7.15 to $7.65. Good wintered steers experienced some slowness, and disagreement as to values promised to carry some cattle over. Sales in this class were made at $8.00 to $8.75. Southern Kansas and Oklahoma steers sold at $6.25 to $7.25, and all loads of Utah steers weighing 995 pounds sold to killers at $7.00. Order buyers were unhampered today, and took a good many cattle. Cows sold up to $7.00, good Idaho cows at $6.40, medium grass cows at $5.50 to $6.00.

Stockers and feeders—Not many outside buyers were here, but yard traders were active and paid higher prices, taking grass steers in competition with killers up to $7.50. The range supply was very light, but good to choice yearlings would have found quick sale at 25c higher prices, plain cattle steady to strong. Best yearlings are worth up to $8.25, bulk of the stock steers $6.25 to $7, feeders $6.75 to $7.75, with occasional demand for fleshy steers up to $8.25.

Hogs—Prices were unevenly higher, some hogs held from Saturday bringing an advance of 35 cents. Most of the sales were 15 to 25c higher, with a top of $10.80, recipts less than 4,000 head. Order buyers led, paying the top price for middle weight hogs, and $10.75 for lights, but packers stopped at $10.70. The small supply, of course, limited quality, as well as prevented the demand from extending itself. The situation is very strong, as stocks of product show a sensational decrease for August, and supplies of live hogs are running lighter than in recent weeks.

Sheep and lambs—Four thousand was the supply today, and prices were 15 to 25c higher, top lambs $10.50, best natives $10.00, fat ewes $7.00. Supply from the range country will be light this fall, and markets will be uneven, the advantage generally with the seller. A fair number of Utah lambs will be offered this week, and there will be a chance at a good variety of feeding stock, feeding lambs now selling at $9.65 to $10.00, and breeding ewes a shade lower than heretofore, at $7 to $9.

SUBSTITUTE REPRISAL POLICY

Washington, Sept. 6.—The chancellors of Europe are deeply concerned over the drastic enactment contained in the admiralty shipping bill and in the revenue measures approved by the senate this morning. REFUSED TO PAY WATER BILL.

School Board Feel They Are Entitled to Lower Rate—Board of Public Works to Meet Board Tonight.

A joint meeting of the school board and the board of public works will be held this evening.

The water main at the Jefferson ward school house was cut off yesterday by the water department on account of the school board refusing to pay a water bill amounting to nearly $400, which has been running since January 1. The meeting tonight by both boards is to discuss terms of settlement, as the school board feels they are entitled to a lower rate than what they are paying now, and refused payment on those grounds.

The school board held a meeting last night and was going to bring suit against the water company. Steps, however, were taken today so as to arbitrate the matter.

The board of public works feel that the schools should pay the regular rate. Some of the members of both boards thought by having a joint meeting that the matter could be settled without going to court.

THE NEW FORD IS HERE

Latest Model of the Famous Car Made Its Appearance at Barmann Auto Company.

The new Ford is here. The latest model of the famous car made its first appearance in Maryville today at the Barmann Auto company. And according to the critics the latest design is even more than was expected in improvement in looks over the old design. With a stream line body, fenders curved to the shape of the wheels and an entirely different radiator the Ford now presents much the same designs as the higher price cars. In fact, unless first introduced to the new model it is doubtful if you would know the car in its new dress.

Many visited the sales rooms of the Barmann Auto company today to see the car.
